## **A MESSAGE** FROM A FARMER'S DAUGHTER - DYNAMIC TAMMY

***From Fields to Shipping: The Importance of Having a Backup Plan for your business.***

As a farmer's daughter, I know firsthand the importance of having a backup plan. In farming, if a tractor breaks down, you need to have another plan in place to get the field work done. Dad was always able to pivot in stressful times. Somehow, some way things always worked out. The same goes for businesses in the face of potential disruptions like a UPS strike.

At Dynamic Designs Unlimited,

we also understand how important weekly and quarterly meetings are. As shown in the photo inside, we hold our meetings off-site to keep the creative juices flowing and employees informed. Thanks to Cindy and Mike Muther, past owners of Mountain Coffee & Gifts in Pulaski for hosting this meeting. Keeping an eye on the economy is key.

Right now, knowing what and how we might be impacted because of shipping delays can have on businesses is imperative. That's why we want to make sure our clients are aware of a potential UPS strike and provide them with options to mitigate any potential delays.

Here's what you need to know: A UPS strike could cause significant delays in shipping times. As a business owner, it's important to be aware of the potential impact on your operations and plan accordingly.

Here are some options to consider:

- Use an alternative shipping company
- Ship earlier than usual
- Consider local delivery options
- Plan ahead for holiday gifts

As a farmer's daughter, I know that being proactive is key to success. By planning ahead and considering alternative shipping options, you can help ensure that your business runs smoothly even in the face of potential disruptions.

At Dynamic Designs Unlimited, we want to help our clients navigate this challenging time and provide them with the guidance and support they need. Remember to have a backup plan in place and be proactive in the face of potential challenges. By taking these steps, you can help ensure that your business continues to thrive even in uncertain times.

# TOOLS FOR YOUR BUSINESS

## DON'T GET LEFT BEHIND: CHAT GPT - THE MUST HAVE AI TOOL FOR YOUR BUSINESS CONTENT CREATION NEEDS.

As businesses continue to grow, the need for effective communication becomes more important than ever. One of the most effective ways to communicate with your audience is through written content. However, creating high-quality content can be time-consuming and expensive. This is where Chat GPT comes in.

Chat GPT is a powerful AI tool that can help businesses create high-quality content in a fraction of the time it would take to do it manually. Dynamic Designs Unlimited has been using Chat GPT to write articles, blogs, web content, research, and so much more. If you haven't dabbled into this new AI tool, you might find yourself getting behind the 8 ball.

Here are **three ways Chat GPT** can help your business:

**1. Saves time and money:** One of the biggest advantages of using Chat GPT is that it saves time and money. Instead of spending hours researching and writing content, you can use Chat GPT to create high-quality content in minutes. This means you can focus on other important aspects of your business while still producing high-quality content.

**2. Improves content quality:**

Chat GPT uses advanced algorithms to generate content that is both accurate and engaging. This means you can be confident that your content will be of high quality and will resonate with your audience.

**3. Increases productivity:**

With Chat GPT, you can produce more content in less time. This means you can increase your productivity and stay ahead of your competitors.

Chat GPT is essential for businesses in manufacturing, construction, healthcare, and financial industries. Here are some ways it can help:

**Manufacturing:** Chat GPT can help manufacturers create product descriptions, user manuals, and other technical documents quickly and accurately. This can help reduce errors and improve overall product quality.

**Construction:** Chat GPT can help construction companies create proposals, contracts, and other important documents quickly and efficiently. This can help them win more business and stay ahead of their competitors.

**Healthcare:** Chat GPT can help healthcare providers create patient education materials, blog posts, and other content that is informative and engaging. This can help improve patient

outcomes and build trust with patients.

**Financial:** Chat GPT can help financial institutions create reports, white papers, and other important documents quickly and accurately. This can help them stay ahead of regulatory requirements and provide better service to their clients.

There are other AI tools that can also be used to improve productivity and streamline workflows. These tools can be easily integrated into your existing workflow and can be accessed through a browser extension or mobile app. Whether you choose to use Chat GPT or another AI tool, the benefits are clear: increased productivity, improved content quality, and cost savings.

In conclusion, Chat GPT is a powerful tool that can help businesses create high-quality content quickly and efficiently. Whether you're in manufacturing, construction, healthcare or financial industries, Chat GPT can help improve productivity, streamline workflows, and save time and money. If you're looking for a reliable partner to help you with your marketing needs, Dynamic Designs Unlimited is here to help. # TUNA SALAD RECIPE

Winter or Summer, always refreshing at the Brzeczowski household is Tuna Salad. Goes especially well with hamburgers or brats on the grill.

### Ingredients:

- 1 Cup Mayonnaise
- 1 Teaspoon Salt
- 1/2 Teaspoon Pepper
- 1 Cup Frozen Peas, Thawed (or 1 can of peas drained)

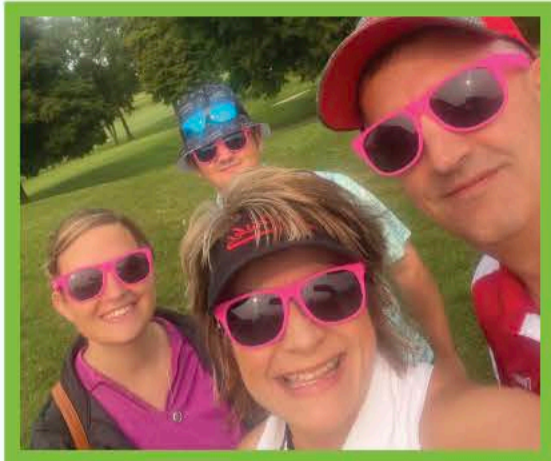

- 2 (5 oz) Cans Tuna, Packed in Water, Drained Well
- 3-4 Stalks of Celery (cut & diced)
- 1 Medium Onion Diced
- 16 oz Box of Elbow Noodles

### Instructions:

1. Cook 16 ounce box elbow macaroni according to directions on the package.
2. In a separate bowl, combine 1 cup mayonnaise, 1 teaspoon salt, 1/2 teaspoon pepper Stir well to combine.
3. Stir in 1-2 cans of tuna packed in water, drained well.
4. Once macaroni is cooked, drain well and rinse with cold water until pasta has cooled. Pour drained macaroni into a large bowl.
5. Pour mayonnaise mixture onto pasta.
6. Then add chopped celery, 1 med. onion and 1 cup frozen peas, thawed. Stir well.
7. Cover bowl with plastic wrap.
8. Put the bowl into the fridge for a couple of hours, then serve.

## A COMMUNITY CAUSE BY INVITATION ONLY PRESENTATION OF THE BARNYARD ESTATES SEPTEMBER 26, 2023

We are excited to be moving forward in the progress of the Barnyard Estates. On **Tuesday, September 26, 2023**, at 5:00 p.m. at Keller in Kaukauna, we'll be presenting our plan to some potential key stakeholders, businesses and individuals that we believe may hold the key to propelling the project forward. If you feel that you would like to be included in this special

presentation, please connect with Tammy or Bruce 920-822-4450. Our goal is to onboard, engage and build the momentum of the project through additional support of this community project. For more information go to [www.thebarnyardestates.com](http://www.thebarnyardestates.com) and follow our journey (blog).
